3. Download and Install TalkMobile

Note: Before you download, make sure your device is connected to internet.

<p>3.1/ Go to App Store</p>  A screenshot of an iPhone home screen. The status bar at the top shows the time as 4:25, 62MB of storage used, and 31% battery. The home screen features a grid of app icons: Messages, Calendar (showing Tuesday 20), Photos (with a sunflower), Camera, YouTube, Stocks, Maps (with a 280-mile distance), Weather (73°F), Notes, Settings, Utilities (with 11 notifications), iTunes, App Store (with 10 notifications), Game Center, Contacts, MyWi 4.0, Phone, Mail (with 92 notifications), Safari, and iPod.	<p>3.2/ Search the keyword "TalkMobile"</p>  A screenshot of the App Store search results page. The search bar at the top contains the text 'talkmobile'. Below the search bar, the results list 'talkmobile sip client'. A portion of a QWERTY keyboard is visible at the bottom of the screen, including keys for Q, W, E, R, T, Y, U, I, O, P, A, S, D, F, G, H, J, K, L, Z, X, C, V, B, N, M, and a Search button.
<p>3.3/ Now, click on "TalkMobile SIP Client"</p>	<p>3.4/ The following page will appear. Then click on "Free" button to download TalkMobile.</p>

3.5/ Now click on "Install" button to install the application.

3.6/ You will be asked to sign in with your Apple account. Now sign in with your Apple ID and password.

3.7/ Next, TalkMobile is being installed on your iPhone device. The status is "Waiting..."

3.8/ Now TalkMobile is already installed in your device.

4. TalkMobile Account Setup

4.1/ Open the application by clicking on "TalkMobile"

4.2/ Then you will see the following screen. Click on "Accounts" tab to create Account

4.3/ Click "Edit" button

4.4/ Then click on "Add One SIP Account..."

4.5/ Now fill up the entire two fields, Username and Password. Then click "Save" button.

4.6/ You will see your SIP account with status "OFF". Click on the status to switch it to "ON"

- When you see the status "ON", click "Done" to finish the account setup.

4.7/ Status "ON" means your account is registered with the server. Now click "Dialer" to go back to the dial pad.

4.8/ You will see the status "Registered" on the top of the screen. Now you are ready to call.

5. Placing Call

5.1/ To make call, press the desired number through Dial Pad (Country Code + Area Code + Phone Number) Press "Call Now" button

5.2/ When you are on the call, you can see the following screen.
